CULLMAN COUNTY MAN IS ARRESTED ON FERRY BOAT IN AN OLD PROHI CASE

Oliver Gay Intercepted By Sev-
eral Deputy Sheriffs Here
This Morning

PARTY WAS TRAVELLING IN TWO AUTOMOBILES

Following Interception, Entire
Crowd Leaves On Return
To Cullman

"The well laid plans of men and
mice off' gang a'glee." The poet was
right. The truth of it was forcibly
called to mind early Thursday morn-
ing when Oliver Gay, said to be want-
ed in Cullman county for illicit dis-
tilling, fell into the hands of two
deputy sheriffs from Cullman.

It will be remembered about one
year ago a large concrete still was
captured in Cullman county, said to
have been the largest and best ap-
portioned still ever captured in the
state. At the time of the raid, the
elder Gay and one son was taken,
and are now in the Huntsville jail.

Oliver Gay escaped, going, it is
said, to Ohio where he remained for
about a year, returning a few days
ago. His presence in the county be-
came known to the officers, who have
been keeping a watch for him. A
tip was received Wednesday that Gay
was to start from Cullman county at
7 a. m. Thursday morning to visit
his father and brother at Huntsville.

Accordingly, in order to make a
successful catch of the man, the of-
ficers came ahead of the party, con-
cealing themselves on the ferry boat.
The party was traveling in two cars,
one a Hudson, the other a Dodge
touring car, in which Gay was said
to have made the trip from Ohio back
to Cullman county. The officers from
Cullman, who were concealed on the
ferry boat waited until the cars had
both been driven on board preparatory
to crossing, when they came out and
put Gay under arrest. They were as-
sisted in the capture by Officer
Toney and Clyde Sharpe, of the local
sheriff's office.

In the party was the mother of
Gay and other women relatives, and
two other men supposed to have been
relatives. In charge of deputy sher-
iffs, Gay was taken back to Cullman
in the car in which he had started
the trip to Huntsville, all the party
returning with him.

Knows Old Folks In McArthur, O.

"Did you see that news story in
The Daily recently," asked Mrs. F. F.
Graves, eagerly, "about the busy old
people in McArthur, Ohio? Myself
and my sister, Mrs. Dolly Murray Por-
ter, were born and reared in Mc-
Arthur, and we know all the old peo-
ple mentioned. I know we all called
the banker mentioned 'Uncle Dan'
Will, just as the news writer did. Our
mother almost qualifies with the hon-
orable octogenarian mentioned. Her
name is Mrs. M. E. Murray, widow
of Waldo Murray, and she is 74, as
busy as a bee, and makes two long
trips each year."

Asked why the people in McArthur
were active at such great ages, Mrs.
Graves said: "They all came from
stern, hardy New England stock and
have lived in Ohio like they were ac-
customed to live in their original home
country."

Day and Gunter Aid Brandon Fight

Announcement was made today of
the appointment of F. D. McArthur
as chairman for the northern division
of Alabama in the Brandon campaign
for governor. He has 32 counties
under his jurisdiction.

J. L. Day, of Hartselle, and J. L.
Gunter, of Albany, have been appoint-
ed as joint chairmen for Morgan
county, the announcement from Bi-
mingham headquarters of the Bran-
don committee announced.

"NOBLEMAN" WHO MARRIED AMERICAN INVOLVED IN INTERNATIONAL TANGLE

Anastase Andreivitch Vonsiatsky-Vonsiatsky, twenty-three-year old
"Polish nobleman," employed by the Baldwin Locomotive Works at Philadel-
phia, who married Mrs. Marion Buckingham Stephens-Ream, heiress to the
40,000,000 estate of Norman B. Ream, is involved in an international tangle.
From Paris charges have been cabled that he has a Russian wife now living
there. Vonsiatsky declares his previous marriage was dissolved because his
first wife was never baptized.

NEWSPAPER CHIEFS GATHER AT CAPITAL IN ANNUAL SESSION

MONTGOMERY, Ala., May 11—
(Special)—Problems faced by the
newspapers and newspaper owners of
Alabama were considered by the Ala-
bama Press association at the fifty-
first annual convention which began
in the assembly room of the Exchange
hotel Wednesday. Newspaper men
from all sections of the state came
to the meeting but the total attend-
ance is probably the smallest in the
history of the organization, not more
than fifty registering for the meeting.

The first day was devoted to the
serious discussion of the problems
of publishing newspapers, time being
given for few social activities. F. H.
Miller and Horace Hood, publishers
of the Montgomery Journal, were
hosts at luncheon to the visitors at the
Exchange hotel, while Col. W. T. Shee-
han and Charles H. Allen, publishers
of the Montgomery Advertiser, enter-
tained the visiting newspaper men
and ladies at a lawn party and dinner
at Col. Sheehan's home in Cloverdale
during the late afternoon and evening.

Following the conclusion of the
day's program automobiles, which had
been provided by the Montgomery
chamber of commerce, took the visi-
tors through the city and on to Mont-
gomery county's fine public highways,
returning for the lawn party before
seven o'clock.

Brame Hood, of the Montgomery
Journal, welcomed the visitors to
Montgomery and the response was
made by Dr. Frank W. Barnett, of
the Birmingham News.

Dr. P. P. Claxton, provost of the
university, made an inspiring address
regarding the educational interests
of Alabama, the needs of Alabama
and what the state may expect if
proper educational facilities are pro-
vided.

He was followed by Lamar Field,
assistant attorney general, who filled
the place on the program assigned to
Harry M. Ayers, publisher of the An-
niston Star, who had been requested
to speak on "The American Legion,
a Peace Time Asset." Mr. Field told
of the efforts of the American Legion
to preach Americanism throughout
the nation and to keep ever in the
minds of the people the fact that
America entered the war not for per-
sonal gain but for the purpose of pro-
tecting the civilization of the world.
Grover C. Hall, associate editor of
the Advertiser, read a paper on
"The Editorial," while F. H. Miller,
of the Montgomery Journal, gave a
personal history of newspapers and
the profession as he had found it dur-
ing the many years he has been en-
gaged in it.

ALABAMA'S SUIT VS. WESTERN UNION IS BEFORE HIGH COURT

(Montgomery Bureau,
Albany-Decatur Daily)
MONTGOMERY, Ala., May 11—
Alabama's suit against the Western
Union Telegraph company for \$914,-
000 for discontinuing service to 21
towns on the branch lines of the
Louisville and Nashville railroad will
be submitted to the supreme court to-
day. Work on the brief of the state
was completed Wednesday afternoon
by Lamar Field, assistant attorney
general.

In this suit the state is seeking to
collect a penalty provided by law for
the failure of this public utility to
render service after being directed so
to do by the public service commis-
sion. Following long litigation, the
Western Union was forced to get off
the right of way of the Louisville and
Nashville railroad on the branch
lines. Instead of erecting its poles
and wires at another point it disposed
of them to the railroad as junk and
abandoned the service.

The attorney general contends that
the big issue is whether the corpora-
tions are bigger than the state or the
state is bigger than the corporations
and that if this action of the Western
Union Telegraph company is sustain-
ed by the supreme court it will be
within the power of the company to
abandon service in Alabama entirely
and leave the people without tele-
graphic communication at those points
where the Western Union now main-
tains an exclusive service.

The state lost the case in the cir-
cuit court of Montgomery county when
the trial judge sustained demurrers
interposed by the defense. A com-
panion measure brought by the public
service commission for a writ of man-
damus requiring the telegraph com-
pany to re-establish service to the
towns likewise was lost by the state
and will be submitted to the supreme
court at the same time on appeal
from the Montgomery circuit court.

STATE PRESIDENT OF U. D. C. TO BE SPEAKER

Major Hal Long Will Deliver
Address On Behalf
The Sons

The monument erected on the court-
house lawn in memory of the brave
soldiers of the Confederacy by mem-
bers of the Joe Wheeler chapter of the
United Daughters of the Confederacy,
will be unveiled on May 16, it was an-
nounced Thursday by Miss Mary Lou
Dancy, chairman of the monument
committee.

School children and citizens gener-
ally of Albany and Decatur today were
requested to assist the chapter in the
unveiling ceremonies. A parade
through both cities will precede the
actual unveiling.

Persons who will drive their cars
in the parade were requested to gather
on the Y. M. C. A. lawn at 3 o'clock
promptly. The Albany school chil-
dren will meet on the Gordon school
campus. The parade will move north-
ward down Second avenue and up Lee
street, the Decatur school children
falling in line at the Decatur federal
building on Bank street.

The parade will continue up Bank
street, down LaFayette into Ferry
and thence to the courthouse lawn
where a short speaking program will
be given.

The monument will be unveiled and
an address delivered by Mrs. E. L.
Huey, of Bessemer, state president of
the U. D. C. chapters. Major Hal
Long will speak on behalf of the Sons
of Veterans. Ex-Governor Emmett
O'Neal had been invited to speak, but
is ill and is unable to come here for
the ceremony.

BONUS OPPONENTS PLAN A FILIBUSTER

(International News Service)
WASHINGTON, May 11—Senatorial
opponents of the soldier bonus
threatened today to attempt to kill it
with a carefully organized filibuster
in case Senator McCumber, Republican
of North Dakota, chairman of the
senate finance committee, persists in
carrying out his plan to report the
bonus bill and displace the tariff bill
for it.

McCumber declared he had no in-
tention of abandoning his plan and he
was not alone among the Republican
leaders in predicting that a bonus bill
would be passed this session.

Pappenburg Will Build New Home

As a further evidence of returning
prosperity over the country and the
Twin Cities, also, permit was issued
today by City Clerk Henry Hartung
to Henry Pappenburg for the erection
of a modern brick veneer residence
on Sherman street near the Lutheran
church. The building is to cost \$8,000
work on same to begin at once.

COTTON MARKET

NEW YORK, May 11—The cotton
market opened 10 to 22 points lower

ciety Will Make Inspection

REPORTS OF POWER DENIED BY SPEAKER

Declares There Is No Method of
Getting 1,000,000 Horse-
power Developed

(International News Service.)
ATLANTA, Ga., May 11—Declara-
tions that the southern states are
forging to the front in volume of cot-
ton manufacturing, because of labor
advantages, accessibility of raw ma-
terials and absence of discontent which
handicaps "union ridden mills of New-
England" were made here today by
George W. Harris, president of the
Exposition Cotton Mills of Atlanta in
an address before the closing session
of the convention of the American So-
ciety of Mechanical Engineers.

Criticizing the plans of Henry Ford
to develop the government's nitrate
and waterpower plants at Muscle
Shoals, Ala., Charles G. Adsit, of At-
lanta, director and executive engineer
of the Georgia Railway and Power
company, declared before the society
that there are many other southern
waterpower sites which could be de-
veloped to greater advantage than
Muscle Shoals.

"The statement of 1,000,000 horse-
power, which has appeared in the
press repeatedly is a gross exaggera-
tion of the output to be expected at
this location," he said. "The Muscle
Shoals power is merely run of river,"
said Mr. Adsit, who explained his
statement by saying that the dam pro-
posed there did not provide for storage
water.

This, he said, is due to a federal
requirement for water to provide for
navigation of the Tennessee river.
The center of the convention was to
shift to Birmingham today. A special
train was to take two divisions of the
society to Birmingham, where they
will inspect the industrial plants there
and afterwards visit the government
waterpower and nitrate plants at Mus-
cle Shoals, Ala.

Heavy Rainfall Near Cedar Plains

Jasper E. Hardwick, of near Cedar
Plains, was in the Twin Cities today
on business. Mr. Hardwick reports
the heaviest rainfall in his section
late Wednesday evening, than for
many months. It was almost a cloud
burst declared Mr. Hardwick. A creek
adjacent to the home of Mr.
Hardwick is said to have risen as
much as five feet in a remarkably
short time. There has been no general
rain over the county this week, and
in most sections farm work is going
on rapidly.

Andrew Buttrey Given Commission

Andrew (Tooney) Buttrey, who now
is attending school in Tennessee, has
been named as one of the two Tennes-
see students to go to Annapolis from
that district. He was selected out of
a class of 32. He has attained wide
fame in Tennessee prep circles, not
only because of his athletic records,
being a medal man in his school, but
also for his scholastic standing. His
career at Annapolis will be watched
with interest here, where he has many
friends. He is a son of J. A. Buttrey,
prominent local business man.

NEWSPAPER MEN FAVOR OFFER OF HENRY FORD

MONTGOMERY, Ala., May

their annual session here, went
on record as favoring accept-
ance of the offer of Henry
Ford to take over the Muscle
Shoals plant.

DIRECT DRIVE ON WAR PROFITEERS STARTED IN HOUSE

(International News Service.)
WASHINGTON, May 11—A direct
drive was inaugurated in the house
today by ex-service members who are
demanding prosecution of war con-
tract grafters, for passage of the
Johnson-Woodruff resolution, direct-
ing congressional investigation into
causes of delay by the department of
justice.

Chairman Campbell, of the rules
committee, was urged to present his
special rule making the investigation
resolution privileged legislation.

The exposure of activities in lum-
ber surplus contract sales by J. I.
Phillip, of Phillip and Stevens, Re-
publican state committee chairman, of
Georgia, made by Woodruff, together
with the charge that this firm had
gotten away illegally with over \$1,-
800,000 from the government, caused
a flutter of excitement in Republican
ranks.

Resentment against Woodruff,
shown by the Republicans, was not
lessened by his caustic comment that
"that Phillip is the Republican
political patronage dispenser in Geor-
gia may have had influence with the
attorney general in failing to start
civil and criminal prosecution against
Phillip."

Woodruff preferred charges against
Phillip formally to the house. He
supported them by affidavit and by
memorandum of officials of the gov-
ernment.

Price of Gasoline Goes Up Monday

BIRMINGHAM, May 11—An-
nouncement today by B. H. Bohler,
district manager for Alabama of the
Standard Oil company of Kentucky,
which operates in this state, that the
company will advance the price of
gasoline two cents a gallon in Ala-
bama Monday. Gasoline was selling
at 24 and 25 cents per gallon here
today.

PRICE TO FARMERS IS DECLARED TOO GREAT

Squabble Between Farm Or-
ganization Appears Over
The Ford Bid

(International News Service.)
WASHINGTON, May 11—The pro-
posed lease of Muscle Shoals to Henry
Ford was opposed today by Benjamin
C. Marsh, managing director of the
Farmers National Council, because it
"would open the door to the looting
of the government's natural resources
by private financial interests."

Marsh told the senate agricultural
committee that Ford's offer was too
dangerous to approve.
"It is doubtful whether the farm-
ers will save over \$10,000,000 to
\$15,000,000 a year through the pro-
posal," said Marsh. "The price,
therefore, is altogether too great. For
while Mr. Ford is an honest business
man, this proposal opens the door for
the financial interests of the nation
to practically grab all the natural re-
sources on a hundred year lease, which
is inequitable and would cost the
farmers at least 20 and possibly 50
times as much as any probable ad-
vantage that they would get out of
cheap fertilizer."

"The financial interests could well
afford to pay a farm organization
\$100,000,000 a year for defeating, by
precedent the only conservation policy
which is government ownership and
development of natural resources or
short time leases under absolute gov-
ernmental control."

"It is too dangerous to adopt. It is
not surprising that the American
Farm Bureau federation, which en-
dorsed the Cummins-Esch law, which
enabled the railroads to steal \$750,-
000,000 a year from the farmers,
which opposed the farm export cor-
poration and which has just endorsed
the ship subsidy steal, should be work-
ing overtime for establishing the prin-
ciple of a 100 year lease without gov-
ernment control for natural re-
sources."

Friends Pay Last Tribute To Pullias

Impressive ceremonies were held at
the home Wednesday for the late Ed-
ward P. Pullias, being conducted by
Rev. C. H. Woodruff, pastor of the
Church of Christ. One of the largest
funeral gatherings ever seen in the
city were present to pay their last
respects to one of their fellowmen,
who met an untimely death. Among
his fellow workmen there was a large
outpouring, attesting the respect and
esteem in which he was held by those
of his intimate associates. More than
a hundred cars were in the funeral
procession. After the ceremonies at
the home, the members of the W. O.
W. had charge of the body, members
of the order serving as pall bearers.

SEVERE RAIN STORM

A severe rain and hail storm visit-
ed the eastern part of the county late
Wednesday evening. The rain fell in
torrents and hail in considerable quan-
tities was also in evidence. The fact
that little of the present crop is up
made the damage negligible. Rain
and hail came to within four miles of
the railroad points.

INDIANS' PLAYGROUND NOW WHITE MAN'S SUMMER RETREAT

Kawatha, the "Bright Waters" and Happy Lands" of the Indians who roamed Ontario's woods in the long ago, is still a summer playground. A dozen lakes—Br. Sam, Cameron, Sturgeon, Pigeon, Bald, Sandy, Chemung, Deer, Lovesick, Stony, Clear and Katchewanooka—compose a seventy-mile chain of enchanting waterways and from this main chain depend many more smaller lakes connected by rivers and brooks.

Along the forest fringed shores where Indian camp fires used to flare to the tom-tom of savage drums, burn brightly through these summer lights the camp fires of white folks to the strumming of ukeleles, for countless camps and cottages, yes, and pretentious dwellings of city folks, who flee to this wonderland when summer approaches, are scattered through Kawatha.

This summer land has several gateways, the principal ones being Bobcaygeon at the junction of Sturgeon and Pigeon Lakes, about the center, and Peterborough on the east, on the Otonabee River, the outlet of Katchewanooka. Leaving Peterborough by boat, travelers have the unique experience of passing through the world famous Peterborough Lift Lock. Many prefer to enter this summer paradise by its middle door at Bobcaygeon, because of its picturesque and easy access.

Delightful resorts are scattered along the shores of all the lakes. Several good hotels and numerous cottages make Bobcaygeon popular with summer visitors. An unusual luxurious resort is Oak Orchard on Buckhorn Lake, while two comfortable hotels face each other across Cuckhorn Falls, one of them having a cottage colony. Park Hotel at Burleigh Falls is very popular with the fishing fraternity as excellent fishing is to be had in the surrounding waters. Stony Lake is a veritable summer colony. Its shores and many islands are dotted with cottages, running the gamut from shack cabins to rather palatial affairs. Then too, there are dozens of hotels ranging from fisherman's lodges to fine summer hotels. Stony Lake always presents an animated scene being covered with canoes and motor boats and great gayety mark its summertime.

The wedding of Miss Norine Orr and Chester E. Brush, which occurred at the First Methodist church Wednesday at high noon, was an event of considerable interest to the wide circle of friends of both the contracting parties.

The ceremony was performed by Rev. Roscoe Howell, pastor of the First Methodist church. The bride was attended by her sister, Miss Ozelle Orr, a student of Peabody normal at Nashville. The groom's best man was Mr. Lee Wilson, of Birmingham. The ushers were Messrs. Hal Orr, Phil Orr, Arthur Howell and Hamer Rountree. Miss Eloise Riddle presided at the piano. Miss Wilmer Kent sang two beautiful selections.

Amid a shower of congratulations and good wishes the happy couple left on the southbound train for Birmingham where they will make their home.

Miss Orr is the daughter of Mrs. Letta Orr, and made her home here where she grew up from childhood. She is a splendid type of womanhood, possessing many splendid traits of character which endeared her to all with whom she came in contact. The groom is from Birmingham, connected with the steel industry there.

Superintendent E. L. Hays has called elections in the following districts for the three mill tax: Danville, district No. 7; Fairview, district No. 22; Cedar Creek, district No. 30; Woodland Mills, district No. 51; Valhermosa Springs, district No. 50. An election had previously been held in district No. 7, and this additional election is held for further extending the district. The Lawrence county school authorities have granted the Morgan school authorities a strip of their county to be embraced in the new district to be added to Danville. Danville is to build a new school house at an early date to be ready for the fall school term.

Hon. Bibb Graves addressed a small audience at the city hall Wednesday evening at 2:30 o'clock. The crowd was estimated at 25. The speaker is said to have attacked Mr. Brandon for not announcing his platform. He was accompanied by Rev. Oscar P. Spiegel, of Montgomery.

A good start has been made during the last two days in getting the coming crop planted. Early and late the farmers in this section have been engaged the last few pretty days planting cotton and corn; turning the remaining land intended for the crops of this year, and getting everything ready for actual business of farming. Some cotton has been chopped, early corn plowed over. Spring oats are now ready to cut, and considerable hay has been harvested this week. This is the first week in which conditions were such that a variety of farm work could be attended to. Another week of weather filled with sunshine and much of the backward condition pertaining to farming can be overcome.

The pastor of the First Christian church has announced a series of meetings for his congregation, beginning Sunday, May 14. The services of Mr. Harry K. Shields have been secured, a noted tenor soloist has been secured to handle the song service. A cordial invitation is extended the public.

Town Creek Wins From Courtland

(Special to The Daily)
COURTLAND, Ala., May 11.—Town Creek defeated Courtland at Town Creek yesterday in a hotly contested game to the tune of 5 to 3. Courtland got off to a one run lead in the second inning but was unable to hold it. Bragg tied the score in the third with a terrific drive to right field for the circuit.

Hall, for Courtland, allowed 10 hits and was not effective in the pinches, while LeMay, for Town Creek, allowed only eight hits and was fortunate in keeping men off the bases, except when two were down.

Courtland goes to Hillsboro today to play off the first game scheduled in the Tennessee Valley League, which was postponed on account of rain, and return home Friday for a game with Town Creek.

Score by innings: R H E
Courtland 010 020 000—3 8 5
Town Creek 011 100 11x—5 10 9
Batteries: Hall and Moore; LeMay and Bragg.

No Topographical Formality.
With the exception of a few areas in the Cook Inlet region, the topography of Chugach forest in Alaska is exceedingly rugged, the mountains often rising abruptly from the sea. On Resurrection bay the towering peaks seem to reach into heaven. The timber line is usually at an elevation of about 2,000 feet; above this rise barren, glacial peaks, ranging from 3,000 to 8,000 feet in elevation.

Duration of Thunder.
The chief factor in the prolongation of a peal of thunder is the difference of time required for the sound to travel to the observer from different points along the path of discharge, which may be a mile, or perhaps several miles, in length. Under some conditions reflections of the sound from clouds, hills, etc., further prolongs the peal.

CLEANLINESS

Through the courtesy of the Alabama Power Company a club is being formed and believe that it would benefit every woman in Albany and Decatur to call 303 Albany or Decatur for full particulars regarding club plan.

(Day or Night)

o'clock, with Mrs. F. F. Tidwell first vice president in the chair.

The program was devoted to Southern writers, making of the meeting a celebration of "Alabama Day." The president gave a report of the recent state convention, and reviewed for the club all the important events of that session, closing by introducing the State President of the A. P. W. C. very gracefully, to which Mrs. L. A. Neill arose and responded happily.

Mrs. J. W. Cunningham, chairman of the art committee of the First district, gave an address on "The importance of art in relation to American Industry." Going to show that America no longer has to go abroad for excellence in any art, the World War having taught America to stand alone on its own artistic feet. During the afternoon Howard Weeden's "Old Boatman" was given pleasingly by Miss Gladys Bernardi, a talented young reader, of whom her friends have every right to expect much in the future. Mrs. Giers delighted the club with one of her pretty piano solos. Miss Mary Penick sang a group of songs that were rendered in splendid voice and excellent interpretation. Mrs. Seneca Burr followed this number with an "Old Wash" selection by John Trotwood Moore. Her dialect took one back to the days of "Old Marster" and "Mistiss", and one could not help feel the excitement of the race between "Fire-Fly" The Tennessee "Hoss" and "Mary" The Alabama "Hoss" as they came down the stretch, nose and nose, for the reader took her audience in the race with her. Madames H. O. Troup and E. E. Graves closed the program with a piano duet, which was received with enthusiastic applause. The excellence of the program of the afternoon could easily have been twice its length with great enjoyment to the club members. The club remained with the hostess for a social hour, when assisted by Misses Christine Almon, Myrtle Graves and Louise Neill, delicious ices were served. Each plate carrying a decoration of strawberries.

To the program committee of which Mrs. H. O. Troup is chairman, belongs encomiums of praise, for giving to the club a program so varied and so much excellence.

Mr. and Mrs. Lanier Royer entertained delightfully last evening, honoring the Hartung Orchestra at their home on Sherman street. The reception suite was thrown open to accommodate the guests, and the hospitable host and hostess entertained most pleasantly. The guest list included members of the orchestra, as follows: Baxter Hartung, Will Thompson, W. Manes, Jessie Yarbrough, H. Safley, R. Rundle, Misses Frances Owen and Hortense Mahoney. Other guests were Mesdames E. H. Johns, Will Thompson, Baxter Hartung, Rushing, Misses Myrtle Graves, Emma Price, Carolyn Manes and Evelyn Hartung. Mrs. Royer was assisted in serving a dainty ice and fruit course by Mrs. Rushing and her daughters, Misses Martha and Mary Royer.

BIRTH ANNIVERSARY

Miss Annie Watson, of Seventh Ave. West, was pleasantly surprised Monday evening by her friends in celebration of her birth anniversary. Music and games were enjoyed until a late hour when Miss Curtis assisted by Mrs. J. W. Perry and Miss Ewila Renegar served delightful refreshments.

GOOD SOAP FOR LESS THAN TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker. In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all the pure, clean soap you need for kitchen, laundry and all household purposes.

Ways of Cooking Rhubarb That Are "Different."

RHUBARB is one of the early spring favorites, and has a multitude of friends among cooks and housewives, for it serves many a good purpose. We city dwellers find rhubarb more expensive than in former times, which elevates it above the level of high-class cookery, and modern ways of cooking the plant really take from it the acidity which many persons objected to seriously.

Used as a pie filling, rhubarb ranks among the leaders, and it fills the place of apples until the early ones return to the market. But the fillings are not always made in the old-fashioned way, as the following recipe will show. In trimming the rhubarb, do not remove the red skin, as it is valuable as a coloring agent in the finished product. If a stainless steel knife is used for cutting the stalks, the hands will not become stained.

Stewed Rhubarb. Cut the stalks into inch pieces, then cover with boiling water and allow to stand ten minutes. Drain and add only a cupful of water to a large saucepan. Simmer gently for ten minutes, then add two cupfuls of sugar, and stew until done. If not sweet enough, a little more sugar may be added or a half-cupful of honey will be found a delightful flavoring agent.

Rhubarb Pie. Cut the stalks the same as for sauce cover with the boiling water, and let stand for ten minutes to draw off the acid. Drain and fill the crust-lined pie-plate, heaping toward the center, strewn with a cupful of sugar, dot with a little butter, and dust with a little flour; or dissolve a level tablespoonful of corn-

starch in a little water and use instead of the flour. Bake as usual.

Rhubarb Jelly. Prepare the rhubarb as already described for sauce, adding when it is cooked three-quarters of a package of powdered gelatine that has been dissolved in a little water. When all is melted together, strain into enough small jelly moulds to allow one to each portion, and the rest into a single mould. Unmould the small jellies on service leaves and cover with Russian dressing for salad. The large mould is for a dessert made by spitting a sponge cake and filling and covering it with the jelly like a shortcake, then heating it with whipped cream.

Rhubarb Sherbet. Stew a double quantity of rhubarb as already described, and when cooked, drain off the extra juice, fill the shortcake made of old-fashioned biscuit dough, cover the top after liberally buttering it, and the juice should be cooked down to a heavy syrup. Add to it a little flavoring of ginger syrup and a little powdered ginger, chopped fine. The top of the cake should be covered with sweetened whipped cream, and the hot sherbet should be offered in a sauceboat.

Rhubarb Sherbet. Make the mixture just the same as for the jelly, only make it a little sweeter, and make sure the gelatine is thoroughly dissolved before straining into the freezer can. When cool, freeze partly, then add the beaten white of an egg, do not freeze hard, but keep the mixture as near a soft, smooth mousses as possible. Serve in glasses and decorate with a cherry on top of each one.

Salvation Army Officials Find Much Suffering in Mississippi Flood Area

If the Morgan Kiwanis Club could persuade Major Jesse Gearing, of the Salvation Army, to come to Albany again to address that organization, he could tell an interesting story of what he saw in Mississippi during his visit last week, when with Adjutant Benjamin Stewart, he reported to Governor Russell for whatever aid the Salvation Army could give in the rescue and relief work going on in the flooded areas.

MRS. HATFIELD SABINA, OHIO

In Pitiable Condition when she Began Taking Lydia E. Pinkham's Vegetable Compound

Sabina, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound for weakness and irregularity. I was weak and nervous and could hardly stand on my feet long enough to cook a meal. I was this way for about a year and had tried several medicines and had a physician, but to no avail. My sister was taking your medicine and finally induced me to try it. I now feel fine and can do my housework without any trouble at all. You can use this letter for the sake of others if you wish."—Mrs. WELDON G. HATFIELD, R. R. 3, Sabina, Ohio.

Housewives make a great mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties. Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, backache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial. It surely helped Mrs. Hatfield, just as it has many, many other women.

ORDER OF PUBLICATION. Mildred Borton vs. Emma K. Baird et al.—Circuit Court, Morgan County, Alabama.—In Equity.

In this cause, it appears to the Register, from the affidavit of complainant, that the following named defendants are non-residents of the State of Alabama, and over the age of 21 years; that Emma K. Baird resides at Creston, Ohio; that L. D. Baird resides at 273 Oak street, Oberlin, Ohio; that Nona Jones resides at Farwell, Nebraska; and that the residence and postoffice address of Raymond Penn and Helen C. Penn are unknown to complainant, after she has made diligent effort to learn the same.

It is, therefore, ordered by the Register that publication be made once a week for four consecutive weeks in the Albany-Decatur Daily, a newspaper published in Morgan County, requiring said above named defendants to plead, answer or demur to the bill of complaint in this cause by June 3, 1922, or in thirty days thereafter, after a decree pro confesso may be taken against them in said cause.

Witness my hand as Register, this May 3, 1922. MARVIN WEST, Register.

Great Air Force May Be Defense In Future Years

(International News Service) \$84,000,000. Japan will spend \$200,000,000 on a seven year aviation program, it was stated.

WASHINGTON, May 11—With the army, navy and marine corps slashed to skeletons, congress will provide a great air force to be used as the "first line of defense" in future national emergencies, it was predicted today by senate leaders.

The administration, turning to aerial defenses, when the department creates and need for national economy brought radical reductions in the military and naval establishments, has pending in congress requests for sharp increases in aviation appropriations. These requests, it was indicated, will be granted. An increase of \$9,300,000 in the appropriation for naval aviation, it was stated by naval leaders, will be granted without serious opposition. This increase would appropriate a total of \$16,925,000 for naval aviation in the pending naval appropriations bill.

The army, seeking a total of at least \$30,000,000 for the development of aircraft extension and research work, has been assured its request will be granted. The army appropriation bill, carrying this appropriation, will be reported to the senate within ten days.

The need for stronger air forces, army and naval officials told congress, is enhanced by the fact that Great Britain, France and Japan are developing great aerial forces. Great Britain will spend \$97,000,000 next year on aviation, while France has a program mapped out which will cost
